Powerful Tips to Overcome Failure

I recently read the statement, "You always pass failure on your way to success." This statement put the smoke back in my tepee.

Feeling the stress of the economy and personal family issues I have felt I failed as your leader in the early months of 2010. I apologize for not being on top of the many duties that truly are my responsibility.

I now choose to leave the failure behind and move forward to the success

that Skionee is capable of. I hope that as a team everyone can and will work together to achieve the goals we have set.

Tip 1 – Rise up & don't regret; you have spent your time wisely.

Tip 2- Understand that failure is there to bring you wisdom.

Tip 3 – Learn as much as possible from the failure.

Tip 4 - Don't give up; maybe you are only one step away from success.

Tip 5 - Maintain your enthusiasm.

Tip 6 - Keep dreaming big dreams.

Tip 7 - Keep your confidence in yourself.
